SUGAR TRUST DEAL.

We understand that the Western Sugar Refinery Company of San Francisco, who have contracts with the sugar planters here for their sugar for some two or three years to come, are availing themselves of certain clauses in the contracts which give it the privilege of shipping direct to New York a certain proportion of the sugars contracted for, and which we understand is as much as one-third of the entire crop. In the present instance they only ask for the No. 2 and 3 sugars to go in the manner referred to, and which is probably not over 25 percent of the whole sugar manufactured. The reason given for the change is that the large crop expected from the islands combined with the large California beet sugar output will give the Pacific Coast more sugar than the demand requires, and the Western Refinery Company have therefore decided to take this method of disposing of the surplus without involving the expense of paying two freights.

A NEW STEAMER.

Nothing Definite as to Her Route, but She Is Here to Stay.

The Hawaiian steamer Daisy Kimball, Captain Rock, arrived this morning from Hilo, which port she left at noon yesterday. The steamer stopped at Laupahoehoe to pick up Capt. Wm. Matson, the owner, staying there a couple of hours. She brought a little less than a ton of cargo from San Francisco consigned to people in Honolulu, and arrived at Hilo from San Francisco on Nov. 15, after a pleasant passage of nine days. Captain Rock states he would have made it in less time but for the "green" firemen he had. The Daisy Kimball made the passage to Hilo without a chronometer, and the compass on board was two points out.

The Daisy Kimball is about two years old, and was formerly engaged in the lumber trade. Her dimensions are: Length, 131.5 ft.; breadth, 31 ft.; depth of hold, 10.2 ft. Her tonnage is 202.91, and her sugar carrying capacity is estimated to be about 5000 bags. She is fitted with electric lights and is somewhat similar in appearance to the steamer Hawaii, but not so large. She can carry quite a number of passengers. Captain Matson has not decided where and when the Daisy Kimball will go next, but states that she will be engaged in inter-island trade.

Death of Mr. Downey.

J. T. Downey has died at Hilo, where he went for medical treatment. Mr. Downey was a quartermaster on the steamer Idaho, which ran between here and California in 1893. Fellow officers on that steamer who survive him here were Robert French and Harry Webb. Mr. Downey was a cooper by trade and when he left the sea worked at that trade for Mr. Hopper. He was a popular member of the French lodge of Masons, and, as a private citizen, highly esteemed as a quiet and well-conducted man. Mr. Downey was a native of Australia, and 45 years of age. He was married in Oregon and leaves a wife and an adopted child here. The body was brought to town by the Kinau, and will be buried with masonic rites by Lodge le Progres de l'Océanie, Aue. & A. Sr. rite, at 2 p. m. to-morrow from the hall, Fort street.

Work of the Dredge.

The dredge will complete deepening the harbor near the Oahu Railway wharf in about a week. She will then be taken on the Marine Railway to be cleaned. An order was sent by the S. S. China to San Francisco for a new cable to replace the one which parted the other day. When the cable arrives the dredge will be put to work between the new wharves near the old Custom House wharf. The next season of operation will be the Fishmarket wharf, and after completing a much-needed improvement there the dredge will go out and remove the sandpit where the steamer Keauhou got stuck the other night.

The edict of the Sugar Trust to the effect that one-third of the sugar crop of these islands shall be shipped to New York via Cape Horn will have a rather depressing effect upon the Coasting vessels between here and San Francisco. It will no doubt have its effect in other ways or the Trust would not insist upon the terms of contracts with the plantation companies there being carried out. One does not have to read between the lines in anything the Trust does—it's apparent on the face of it that the monopolists get whatever benefit there is in the change.

We are prepared now to meet the demands of our customers for goods for Christmas and we think we have a good assortment.

After many days the pocket cutlery from Wastenhof's factory has arrived and it comprises everything in the way of pocket knives suitable for little and big folks.

The demand for Haviland China with carnation pattern seems not to diminish and it is difficult for us to keep up with it. The Alameda, however, brought us a large invoice of all sorts of dishes and we can fill any orders for single dishes, dozens or sets. For gifts at any season of the year or for any occasion there is nothing prettier or more serviceable.

We have always carried a large assortment of Silver plated ware and have generally satisfied everyone except those who wanted solid silver. For this season we have purchased a stock in California which includes both plated and solid and we hope to meet the demands of plain everyday folk as well as those whose ideas run toward the elegant. Our solid goods comprise Sugar Shells, Butter Knives, Soup and Gravy Ladles, Salad Sets, Fish Sets, Preserve and Berry Spoons, Sugar Tongs, Olive Spoons and Forks, Sadine Forks, Cold Meat Forks, Lettuce Forks, Bon Bon Scoops, Pie Knives. Then there are a number of combination sets; some of them contain Tea Spoons, Butter Knife, Sugar Shell, Cream Ladle and Sugar Tongs—a very handsome present for Christmas. Other sets are for Berries, some for Oysters. One to which we call especial attention contains a half dozen Individual Butter Spreaders and the same number of plates. We think we can suit everyone as to designs because they are the very latest. We know our prices are right.

We have also in stock an assortment of Aluminum ware in small pieces for service or ornament.

Cooking utensils are made of this ware and are used in preference to iron or agate owing to lightness and durability. In our selection this year we have included Griddle Cake Pans and Fry Pans, Drinking Cups and Tea Sets of three pieces. They are as light as a feather and everlasting. We have also Flasks, Match Boxes, Fancy Combs and Hair Combs that never wear out. Patent lime squeezers, an entirely new article here, card trays, Sleeve Links and many other things to suit your fancy.

A small stock of cut glassware in choice patterns only and containing articles serviceable for table use.

Our Lamp department is filled with the latest designs Hanging, Bouquet and Piano Lamps. An inspection is invited.

War Rumors.

The war between China and Japan is still on. So far the Japanese have all the best of it. How long this will last, time alone can tell.

Flushed by their numerous victories, the Japanese are pushing their armies into Chinese territory. The capture of Ping Yang with its forts and treasure was their first great success.

The naval battle at the mouth of the Yalu River and the total destruction of three Chinese men-of-war followed this quickly. The final expulsion of the Chinese from Corea and the capture of Kiew Lien Chang left the road open to the Japs to both Moukden and Peking.

To carry on this warfare Japan has (so far) enlisted one hundred thousand men aside from her regular standing army, and hundreds of the bone and sinew of the land of the chrysanthemum are crowding the recruiting offices daily. This has caused the price of labor to increase 100%. In consequence Japanese material and products of every description have nearly doubled in price.

However, as we had our large Christmas order in several months ago, we will not be affected.

Why trade with firms who carry an assortment of goods that are of inferior quality or made by the cheapest labor, when you can get the best for the same price? We guarantee every article in our store to be the very best that the Japanese market can produce and at prices that were in vogue before war was declared.

For Ladies

We have an assortment of Articles both Useful and Ornamental that must please the most Fastidious. Every lady is particular about the Handkerchiefs she uses. We have all kinds—Plain, Beautifully Embroidered, Drawn and Open Work all Colors and Sizes.

For Gents

We have Silk Shirts—white and colored; either plain or embroidered; Cravats, Neckties of every variety, shade and shape, Smoking Jackets and Caps, that are a pleasure to wear, and Silk and Cotton Pajamas that are comfortable and well made; also the two extremes Straws Hat and Slippers.

Nothing in Honolulu can approach the small order of Boots that we have. They were made by the best Japanese Mechanics, and we guarantee the quality, style, fit and finish—Calf, Patent Leather and Tan.

Miscellaneous

Articles, such as Tea Caddies for covering Tea Services, etc. Fine Table and Bed Covers, and pretty Chair Backs we have in profusion.

Also some Menu Cards for Thanksgiving, Christmas and New Year's that are pretty and tasty.

Children

Enjoy Christmas principally because they receive love offerings from parents and friends. A good present to give a boy is one of our Butterfly Pins, and a nice present for your girl can be had by getting one of our Books of Fairy Tales, they are made of fine Crope paper profusely illustrated and the stories are translated from Old Japanese Legends.

As a Rule

You do not get more than your money's worth when you make a purchase; and a great many times not quite that.

Your good common sense will tell you that most concerns, if they fulfilled the pledges made in their advertisements, could not last six months. "Look About" and with your good judgment decide who really carries the best selected stock; whose goods are of the "FINEST QUALITY" who gives "THE MOST FOR THE MONEY."

My goods combine the quality, with as low a price as same goods can be purchased anywhere. Such lines as I carry, cannot be purchased by remaining at home and writing for them; and for that reason I make my yearly trips to the markets of the World. Picking up a new line here, a few pieces there, until I have gathered together everything new and desirable in my many lines.

You'd be astonished to get a FINE UMBRELLA, handsomely carved head, with a fine stylish cane to match, both mounted in silver, for

\$8.50.

The set for this is about what a cane alone used to cost; and yet this is what we are offering you now; and this is only one of many articles at popular prices offered this season by

ALOHA TOOTH POWDER.

is the most perfect dentifrice yet discovered.

It is manufactured after a celebrated formula now in our possession. The materials used are the purest obtainable; contains nothing deleterious to the teeth or gums, and its use cannot be otherwise than pleasant and beneficial.

Many people while laudably attentive to the preservation of their teeth, do them harm by using a tooth powder containing excessive "grit." Daily applied such dentifrices are calculated not only to injure the enamel by excessive friction, but hurt the gums.

A trial of ALOHA TOOTH POWDER will convince anyone of its merits and the advantage of using a dentifrice of the purity of which they can be certain. It is attractively put up, and will be sure to please you in every way.
